HIS SPEECH AT GAINESVILLE
WEDNESDAY NIGHT.

He Attacks Ben Hill and Judge Rice, and Gets a Quietus Given Him!

The Ninth District Radicals Seeking to Nominate John Hill for Ben Hill to Waive.

Special to the Constitution.

GAINESVILLE, Sept. 21, 1876.

Wednesday was the time set down for the holding of the ninth district republicans congressional convention, for the purpose of putting up a candidate for

A BEN HILL LICKING!

Who the delegates are and what they are doing has not transpired fully at this dispatching, but they are said to have been gathered in some seconded place. As near as can now be ascertained it is thought the convention will nominate JOSHUA HILL,

the ex-United States Senator, of

particular, but Washington generally.

He has been announced, and it is not

to be asim to say that he is the best man possible

for them to start on the track. However that won't save him from one of Ben Hill's terrible political bastinados.

ACHT LERMAN.

Ackerman, the moon appearance of

court, addressed a speech at the court house, a majority of whom were democrats. He had

hardly twenty negroes in his audience. He made

one of his bitter, ill-tempered and discreditable harangues—such a speech as, for a man of his reputation and opportunity, could not be expected from a man of his talents, and it is difficult to believe that Ackerman desires to stir up strife and tumult, but his speeches are forcing the conclusion that he thinks "a dozen dead negroes" would suffice to silence radical office holders cause in Georgia much trouble.

A BEN HILL HILL.

In a terrible way, not stopping at violent asaults upon Mr. Hill's political record, but in filth-flinging at his private character. In response to such attacks the blacks of the state of Mr. Hill who were present in force at every mention of his name would give it a round cheer in the face of the bloodthirsty orator and his infinite disgust.

During his tirade of abuse and slander, Ackerman, who was a member of the bar, and Judge Rice, who had yielded him from the bushes of the court for this radical apostle of hate to his speech. When the hour for the court to re-assemble arrived Judge Rice entered and assumed the bench.

We have not thought it worth the
while to notice the rumors that have
gotten into circulation in relation to the
proprietorship of the Constitution; but now that "Fulton" in the Augusta
Chronicle and Sentinel has stated the
matter with considerable detail, naming
the price, &c., we desire to say that
what no sale has taken place.

The papers of the coast cities are flled
with news relating to the equinoctial
storm, which extended from Texas
to Maine, and was one of unusual vir-
ulence.

The respectable radical journals that
are really ashamed of Ben Butler's
nomination, and yet have to swallow it,
pretend that he was chosen "to
meet such men as Ben Hill." This is
rather thin, but if they should lock
us we would like to be there to see.

TWEED and his companion have sail-
ed from Corinna for Cuba. They are
expected in New York about the 20th
of October. His rooms in Ludlow
street jail await him, and for a few days
after his arrival that famous hotel will
be New York's leading sedan.

The New York papers say that an
army of fifty thousand tramps are
marching towards that city to go into
winter quarters. Grant's army of 80,-
000 official bummers are also trying to
secure permanent quarters, and be-
tween the two armies the outlook is
not promising.

The figures of the national cotton ex-
change put the crop of 1875-76 about
4,000 bales less than those of the New
York Financial Chronicle. Both sets
of figures show however that it was the
largest yield ever known in this country,
with the sole exception of the crop
of 1850-60.

The democrats of the second con-
gressional district formally expressed
an earnest, cordial and hearty endorse-
ment of Gov. Smith's administration,
and commended "the honesty, integ-
rity, energy and ability displayed by
him in the conduct of the affairs of the
state to his successor, as an example
worthy of emulation."

As the radicals of the north insist
that there is a "solid south," let us go
to work and prove their assertion true
by sending solid democratic delegations
to the next congress. We are re-
liably informed that Jake Thornburg
will be beaten in East Tennessee. If so,
Kentucky, Tennessee and Georgia will
surely join the "solid movement."

The radicals of Kentucky have only
two candidates for congress in the field—in the ninth district, which is
now represented by a republican,
and one in the first district, which an
independent candidate has appeared.
The democrats expect to carry the
ninth district, and then send a solid
delegation to the forty-fifth congress.

The figures of the national cotton ex-
change put the crop of 1875-76 about
4,000 bales less than those of the New
York Financial Chronicle. Both sets
of figures show however that it was the
largest yield ever known in this country,
with the sole exception of the crop
of 1850-60.

The democrats of the second con-
gressional district formally expressed
an earnest, cordial and hearty endorse-
ment of Gov. Smith's administration,
and commended "the honesty, integ-
rity, energy and ability displayed by
him in the conduct of the affairs of the
state to his successor, as an example
worthy of emulation."

As the radicals of the north insist
that there is a "solid south," let us go
to work and prove their assertion true
by sending solid democratic delegations
to the next congress. We are re-
liably informed that Jake Thornburg
will be beaten in East Tennessee. If so,
Kentucky, Tennessee and Georgia will
surely join the "solid movement."

The American People

No people in the world suffer as much
with dyspepsia as Americans. Although a
year of experience in medicine had failed to sooon
pitch a certain and sure remedy for this disease
and its effects, such as our stomach, heartburn,
water-cough, etc., Dr. J. H. Parker, of Phila
delphia, has recently invented a simple
cure of food, water, general debility, etc., yet,
since the introduction of Dr. Gage's Antiseptic Pow
der we believe there is no case of Dyspepsia that
cannot be immediately relieved. 30.00 can be
had and paid with one case of cure ap
pended. Dr. Gage's Antiseptic Powder is a simple
potion for 10 cents and try it. Two doses will
relieve you. Regular size 35 cents.

ARREST FOR ARSON.

Three Negroes accused of trying
to burn out a Negro Preacher.

Yesterday we were shown some
very fine specimens of gold ore by Mr. Henry
M. Scott. The ore was taken from what is
known as the Fractional mine, in De
Witt county. They are exceedingly rich, and
are proposed to be sent to Europe to Cal
ifornia. The mine is owned by Mr. Scott,
a colored prospector and pastor of Macedonia Baptist
church, situated near the fair grounds. The
pastor's house is close to the church. The at
tempt came very near being successful, but the
fire was put out, and probably for any com
munity damage was averted. The negroes
struck through the window, and the
carried their tools in a few moments
and were gone. The old fireman, who was on
duty, as he passed this place he discovered
some one of the family had emptied a quantity
of hot coal into an ash bucket with a wooden
bottom and placed it where the fire was found.
The coal ignited, and the family and friends
of the negroes were soon at the scene, and
done beyond, searching a few of the stumps
and heating firewood.

The incident should teach house keepers to
be careful where they empty hot ashes. The
fire got under way, a serious configura
tion might have resulted.
